POWERING INNOVATION ON AWS

aws PARTNER Premier Tier Services

aws PARTNER Migration Services Competency

aws PARTNER SaaS Services Competency

aws PARTNER Data & Analytics Services Competency

aws PARTNER AI Services Competency

aws PARTNER Small and Medium Business Services Competency

KEY CAPABILITIES AND SCALE

1000+ — Multi-disciplinary professionals

10+ — Countries with presence in US, Canada, UK, EU, Israel, LATAM, and Africa

40% — Less expensive than onshore resources

40+ — Unicorns in portfolio

200+ — AWS migrations delivered

MASTERING AWS MIGRATIONS AT SCALE

- **AWS Competency** Migration consulting with end-to-end, hands-on delivery
- **200+ Migrations** Across enterprises, SMBs, and start-ups
- **Over 35% Savings on AWS** Achieved within an average of 6 months
- **Global AWS Expertise** Combining secure multi-region migrations, resilient DR, and 24/7 ProActive cloud operations delivered by 1,000+ distributed engineers

COMPREHENSIVE CLOUD STRATEGY & IMPLEMENTATION

Adaptive Pods: Discounted access to on-demand support from multi-disciplinary experts (DevOps, AI/ML, DBAs, Solutions Architects, Security experts, and more)

POCs and Workshops: Guidance and Roadmap for strategic initiatives (Gen AI, SaaS, Data, Scale, Reliability, and more)

Security & Compliance Sprints: Assessment and remediation, tool selection and implementation, penetration testing and audits (supporting SOC2, ISO 27001, GDPR, HIPAA, PCI, and more)

GTM Support: AWS Marketplace Onboarding, Product Market Fit innovation and validation (competitive analysis, technology as a business driver, business model evaluation)

LEADING THE WAY IN GENERATIVE AI SOLUTIONS

- Generative AI workshops and POCs funded by AWS
- On-demand AI solutions architect support, complimentary
- Dedicated AI team including AI developers, AI architects, and DevOps experts
- Proven expertise in AWS AI technologies, including Amazon Bedrock, Amazon Bedrock AgentCore, Rekognition, Textract, SageMaker, and more
- AWS-recognized AI Services competency
